<sup>1</sup> VEDP verifies that the company meets statutory minimum targets of 50 jobs and \$150 million in capital investment in order to be eligible for the program

<sup>2</sup> Status Definition

Within performance period: Companies within performance period are not required to report until the established projected completion date.

Verification in Progress: Companies have submitted documentation that they have achieved qualifying targets for capital investment and job creation, and VEDP is in process of verifying the information with Virginia Employment Commission and the Commissioners of the Revenue.

Post-performance: Denotes companies that have met the established targets and have been issued an exemption certificate.
